

STEP BY STEP GUIDE FOR COINMAMA

With Coinmama, Bitcoin deposits are made easy through a single-step process where you use your debit/credit card to buy and immediately send Bitcoin to fund your Americas Cardroom account. And account verification is quick and painless, so you can get started in no time at all.

IMPORTANT! Coinmama can be used for depositing to your Americas Cardroom account but cannot be used for withdrawals. For making withdrawals, we recommend using a different exchange wallet such as Edge, Coinbase, CEX.IO, or Bitstamp.

This guide covers:

1. CREATING YOUR COINMAMA ACCOUNT
2. BUYING BITCOIN AND DEPOSITING TO AMERICAS CARDROOM

1) CREATING YOUR COINMAMA ACCOUNT

Haven't created an account at Coinmama yet? No need to worry, it's incredibly easy.

Just head to <https://www.coinmama.com/> and hit the **Sign-Up** button, then fill out the details.

A verification link will be sent to the email address you registered. Just hit **Confirm Your Email** and you'll be automatically taken to a verification page.

On that page, simply:

1. Fill out your personal info and hit **Next**
2. **Upload your ID** – to do this you will need to select ID type, enter the ID number and expiration date, and then upload photos of your ID.
 - NOTE: For added security, Coinmama also requires you to upload a photo of yourself holding the ID and a piece of paper with "Coinmama" and today's date written on it.
3. Once the photos have been uploaded, hit **Send for Approval**
4. **Wait for an email** confirming the verification process is complete (could take up to 29 minutes).

2) BUYING BITCOIN AND DEPOSITING TO AMERICAS CARDROOM

Once your account is verified, you can then buy Bitcoin and send it to fund your poker account.

First, you'll want to go to the Americas Cardroom website since that's where you will be getting the address to send the funds to.

Just log in to your account and follow these steps:

1. Open **MY ACCOUNT** page
2. Select **Deposit**
3. Select **Bitcoin**
4. Enter the **amount** to deposit (this must be the exact amount you want to deposit)
5. Claim a **Promo code** (optional)
6. Hit **GET ADDRESS**

The screenshot shows the Americas Cardroom website interface. At the top, there's a navigation bar with 'DEPOSIT', 'WITHDRAW', 'CERTIFICATIONS', and 'ACCOUNT' (0.58 USD). Below this, a QR code is displayed. Underneath the QR code, there are two input fields: 'AMOUNT' with the value '0.00046331' and 'ADDRESS' with the value '3CvCdWTc7KypkxCX6m5zmpdKUbxJCTnj3'. Each field has a small copy icon to its right. The top of the page features the Americas Cardroom logo and various game categories like 'Live Dealer Blackjack', 'SIT & CRUSH', and 'THE BEAST'.

You will now need to **copy this address**. You can either highlight by dragging, or copy instantly by hitting the small copy icon (like two sheets of paper) to the right side of the address. **Please do NOT type the address by hand. Always use the copy-paste feature!**

Next, return to the **Coinmama** page and follow these steps:

1. Hit the **Buy** button at the top of your screen
2. Choose the cryptocurrency of your choice from the drop-down menu

*****For the rest of this example we will use Bitcoin (BTC)*****

4. Choose to either buy one of the **suggested amounts** of bitcoin, or
5. Choose to buy any custom amount by entering the info in the fields at the bottom.
6. Hit **Buy Now** or **Buy BTC**

The amount you choose must match exactly the amount you requested to deposit in the Americas Cardroom Cashier!

On the following screen, you will be asked to enter your Bitcoin wallet address.
